

Fehlermeldung beim Start (über C106RL1)

The screenshot shows a web application interface on the left and a server error dialog on the right. The interface includes a sidebar with navigation options like 'ALLGEMEIN', 'KLASSENZIMMER', and 'Unterricht-neu BETA'. The error dialog is titled 'Serverfehler' and contains the following information:

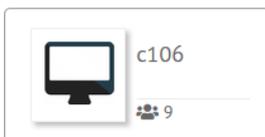

- Request:** GET /api/lmn/session/schoolclasses
- Type:** Exception
- Message:** Request unknown
- Traceback:**

```
Traceback (most recent call last):
  File "/usr/local/lib/python3.10/dist-packages/aj/api/endpoint.py", line 7
    result = fx(self, context, *args, **kwargs)
  File "/usr/lib/linuxmuster-webui/plugins/lmn_session_new/views.py", line 4
    details = self.context.ldapreader.schoolget(f'/schoolclasses/{schoolcla
  File "/usr/lib/linuxmuster-webui/plugins/lmn_auth/api.py", line 79, in scl
    result = self.context.ldapreader.get(*args,**kwargs, school=self.context
  File "/usr/lib/python3/dist-packages/linuxmusterTools/ldapconnector/urls/
    raise Exception('Request unknown')
Exception: Request unknown
```

A 'SCHLIESSEN' button is located at the bottom right of the error dialog.
